Earlier this month, Equal Voice revealed that this election features a record number of women and gender-diverse candidates. The 50/50 Women on Boards reveals gender diversity index key findings, largest year-over-year increase in women’s representation. The most recent report from the 50/50 Women on Boards reveals that women make up fewer than 10 percent of managers at most Japanese companies. "The (LDP) is itself very much a men’s club," said the party’s official party policy coordinator.

"Gender-neutral" sentencing policies aimed at treating individuals convicted of murder equally have in fact put women at a disproportionate risk of spending the rest of their lives in women’s ‘lifers’ and the gender trap. They found that women are disproportionately represented in the most severe forms of custody, including death sentences. The researchers estimated that women are around three times more likely than men to receive mandatory life sentences.
